Warren,

The Green Party leaflet that went out in mid August is available here

http://liverpool.greenparty.org.uk/focusattack/nwda_gfs%5B1%5D.pdf

Nowhere does it contain the falsehoods that

- "..the local Green Councillors have called for the plans to be scrapped.."
- "..they want to build a completely undeliverable eco village!"

No other Green Party leaflet contains those falsehoods, in particular the July GreenView which went out in July, before the NWDA funding decision:

<http://liverpool.greenparty.org.uk/Greenview/newsletters/july%202009.pdf>

Are you now prepared to withdraw those claims?

Are you prepared to apologise for including those falsehoods in your leaflet:

http://liverpool.greenparty.org.uk/focusattack/bradley_eco_village%5B1%5D%20copy.jpg ?

Regards,

John Coyne

Green Party councillor for St Michaels Ward

Bradley, Warren (Leader of the City Council) wrote:

This refers to your previous 'green party' leaflet where you questioned the deliverability of the proposals for the GFS with Langtree and the proposal for funding from the NWDA (as reported in the Lib Dem Focus), along with your ideas for an Eco Village.

Interpretation is something I find astounding, are you now to deny that you reported this in your leaflet?

Regards

Cllr. Warren Bradley
Leader of Liverpool City Council

Subject: Garden Festival Site untruths

Warren,

I attach a leaflet you have been distributing in St Michaels ward.

It contains falsehoods.

- "...the local Green Councillors have called for the plans to be scrapped.."
- "...they want to build a completely undeliverable eco village!"

It is always possible that you have been misled: what is the source of those assertions?

If you check your sources - or if there are no sources - you will know that your leaflet has disseminated falsehoods about myself and Cllr Sarah Jennings in our ward.

Are you now prepared to withdraw those claims?

Are you prepared to apologise?

Regards,
John Coyne
Green Party councillor for St Michaels Ward
